

## Comparing numbers (up to 10,000)

Grade 3 Place Value Worksheet

Date: \_\_\_\_\_

Name: \_\_\_\_\_

### LET'S MAKE COMPARING NUMBERS FUN

Compare the numbers. Add  $>$  or  $<$  or  $=$

|     |       |                      |       |     |       |                      |       |
|-----|-------|----------------------|-------|-----|-------|----------------------|-------|
| 1.  | 7 545 | <input type="text"/> | 3 951 | 11. | 8 086 | <input type="text"/> | 4 510 |
| 2.  | 3 911 | <input type="text"/> | 8 089 | 12. | 5 973 | <input type="text"/> | 2 569 |
| 3.  | 8 423 | <input type="text"/> | 1 535 | 13. | 3 085 | <input type="text"/> | 3 366 |
| 4.  | 7 990 | <input type="text"/> | 7 638 | 14. | 9 521 | <input type="text"/> | 9 074 |
| 5.  | 9 780 | <input type="text"/> | 9 178 | 15. | 1 723 | <input type="text"/> | 5 925 |
| 6.  | 5 146 | <input type="text"/> | 7 202 | 16. | 2 734 | <input type="text"/> | 6 639 |
| 7.  | 4 965 | <input type="text"/> | 3 522 | 17. | 6 831 | <input type="text"/> | 1 043 |
| 8.  | 657   | <input type="text"/> | 503   | 18. | 5 769 | <input type="text"/> | 5 218 |
| 9.  | 4 971 | <input type="text"/> | 8 237 | 19. | 3599  | <input type="text"/> | 3 952 |
| 10. | 7 519 | <input type="text"/> | 9 328 | 20. | 1 866 | <input type="text"/> | 1 719 |

## Comparing numbers (up to 10,000)

|     |       |   |       |     |       |   |       |
|-----|-------|---|-------|-----|-------|---|-------|
| 1.  | 7 545 | > | 3 951 | 11. | 8 086 | > | 4 510 |
| 2.  | 3 911 | < | 8 089 | 12. | 5 973 | > | 2 569 |
| 3.  | 8 423 | > | 1 535 | 13. | 3 085 | < | 3 366 |
| 4.  | 7 990 | > | 7 638 | 14. | 9 521 | > | 9 074 |
| 5.  | 9 780 | > | 9 178 | 15. | 1 723 | < | 5 925 |
| 6.  | 5 146 | < | 7 202 | 16. | 2 734 | < | 6 639 |
| 7.  | 4 965 | > | 3 522 | 17. | 6 831 | > | 1 043 |
| 8.  | 657   | > | 503   | 18. | 5 769 | > | 5 218 |
| 9.  | 4 971 | < | 8 237 | 19. | 3 599 | < | 3 952 |
| 10. | 7 519 | < | 9 328 | 20. | 1 866 | > | 1 719 |

**Answer Explanation:** Remember that;

> is a symbol used to show numbers greater than the other.

< is a symbol used to show numbers less than the other.

= is a symbol used to show numbers having the same value.

For example: Compare 1 866  1 719

| Line up the numbers according to their place values | Compare at the highest value                | If numbers at the highest place value are the same, go to the next digit to the right |
|---|---|---|
| $\begin{array}{r} 1866 \\ 1719 \end{array}$         | $\begin{array}{r} 1866 \\ 1719 \end{array}$ | $\begin{array}{r} 1866 \\ 1719 \end{array}$   |

Now, compare 8 and 7, which one is greater or lesser.

8 is greater than 7. So, the answer is >.

Therefore, 1 866 > 1 719
