

# Venn Diagrams

Grade 3 Measurements & Data Worksheet

Date: \_\_\_\_\_

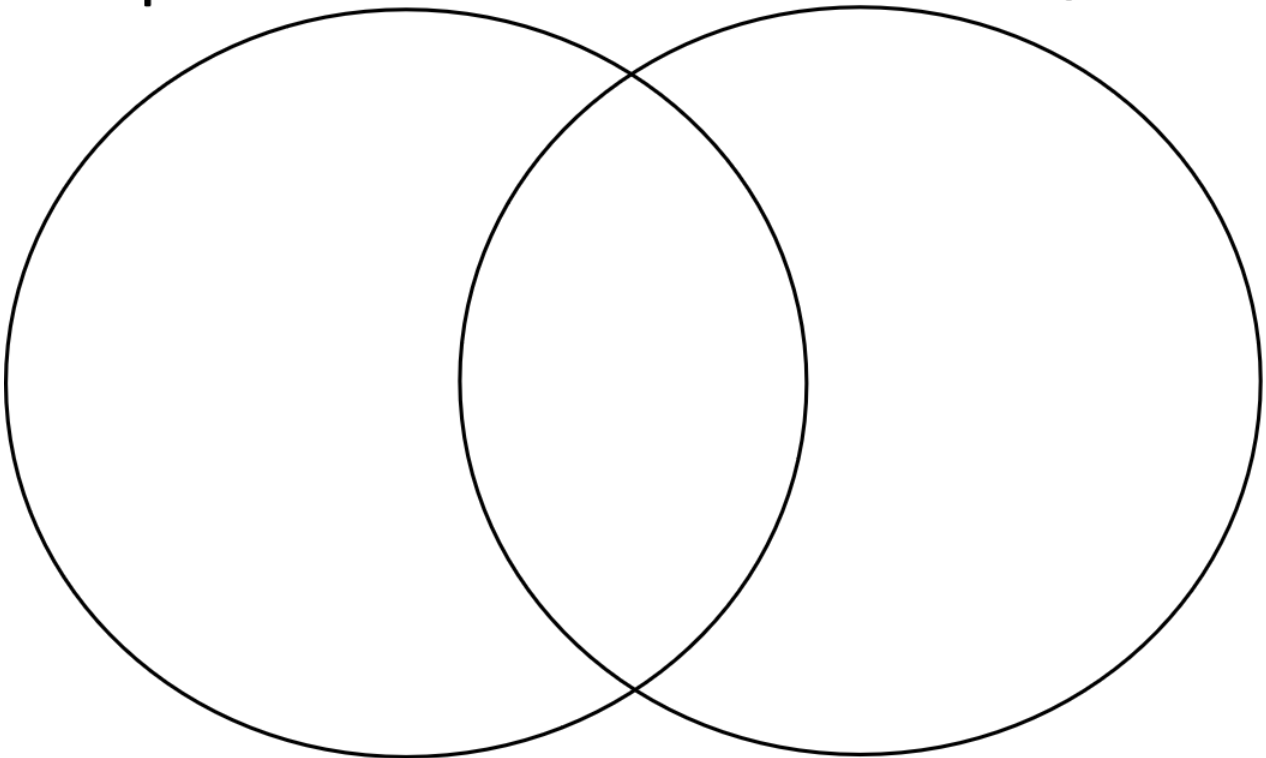

Name: \_\_\_\_\_

LET'S MAKE LEARNING FUN

1. Write the numbers in the correct place in the Venn diagram.

**Multiples of 4**

**Multiples of 5**

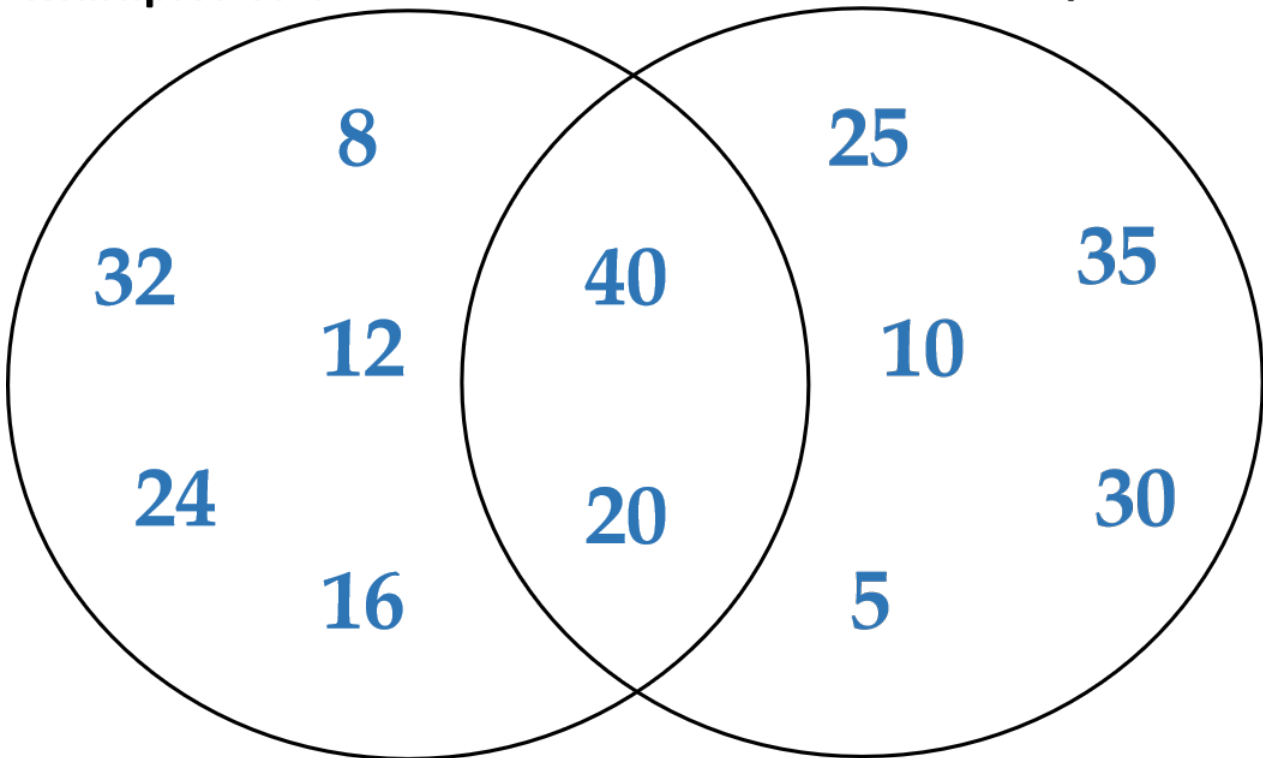

25	8	30	20	24	10
5	32	16	35	12	40

# Venn Diagrams

## Answers

**Multiples of 4**

**Multiples of 5**

25	8	30	20	24	10
5	32	16	35	12	40

Let's go!!!

**KEY TAKEAWAYS!** A Venn diagram uses circles that overlap or don't overlap to show the differences and commonalities among objects or group of things. Overlapping circles show things that have commonalities, while circles for distinct things don't overlap.
