

Venn Diagrams

Grade 3 Measurements & Data Worksheet

Date: _____

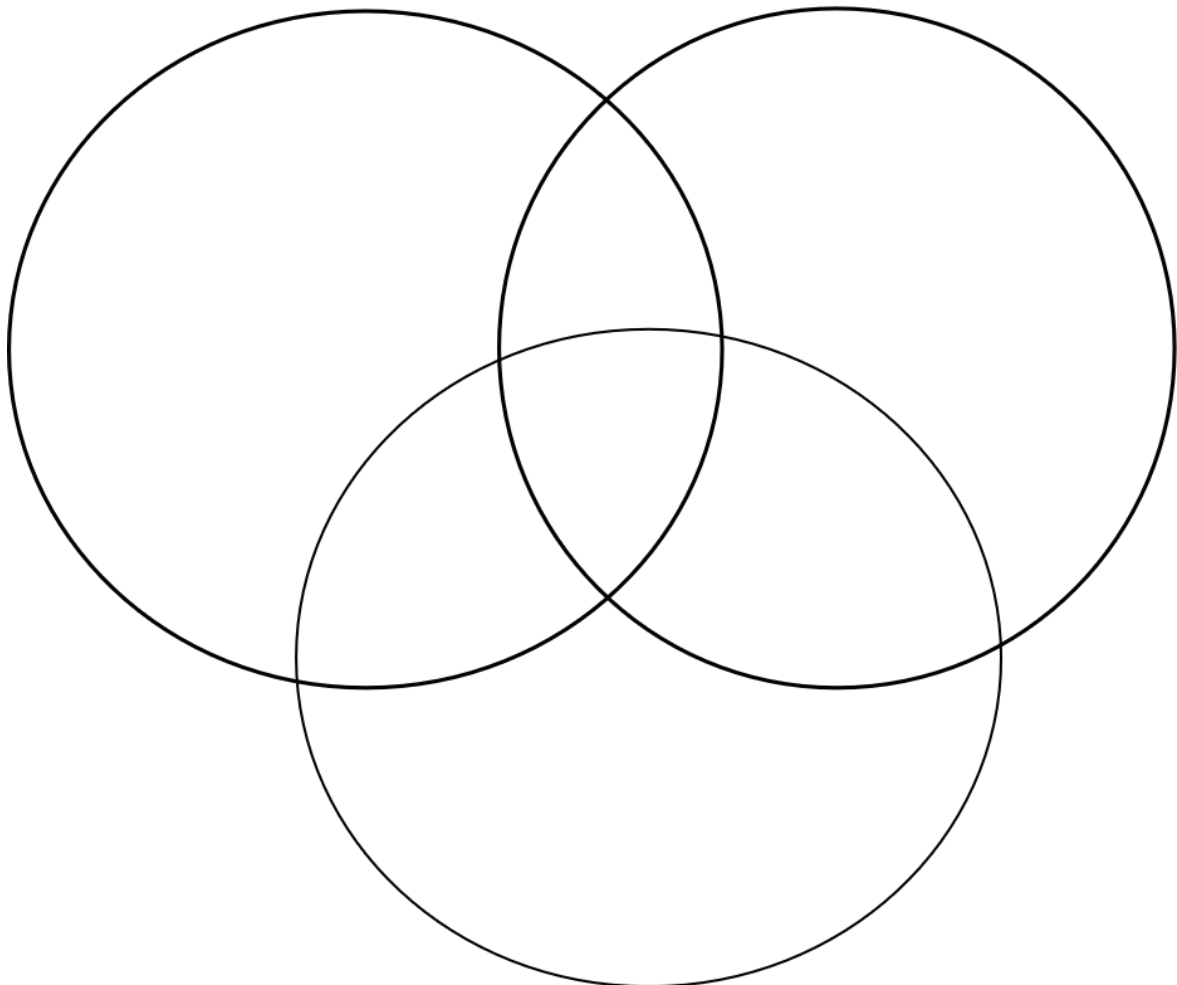

Name: _____

LET'S MAKE LEARNING FUN

1. Write the numbers in the correct place in the Venn diagram.

Even Numbers

Multiples of 3

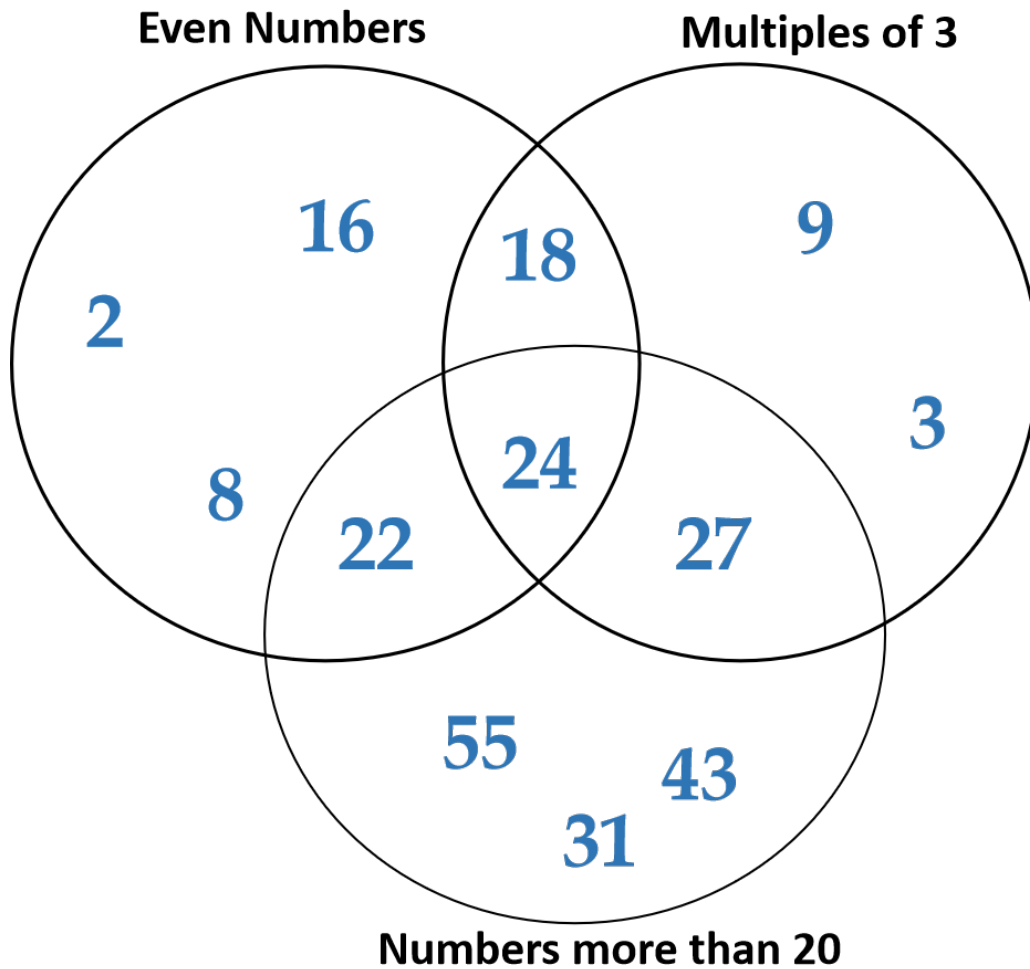

Numbers more than 20

| | | | | | |
|----|----|----|----|----|----|
| 8 | 2 | 18 | 24 | 43 | 16 |
| 31 | 22 | 55 | 9 | 27 | 3 |

Answers – Venn Diagrams

| | | | | | |
|----|----|----|----|----|----|
| 8 | 2 | 18 | 24 | 43 | 16 |
| 31 | 22 | 55 | 9 | 27 | 3 |

Let's go!!!

KEY TAKEAWAYS! A Venn diagram uses circles that overlap or don't overlap to show the differences and commonalities among objects or group of things. Overlapping circles show things that have commonalities, while circles for distinct things don't overlap.
